PROJECT NAME	
G.E.M.S Girls Empowered Motivated & Successful	
WHAT WE INTEND TO DO	
<p>Our G.E.M.S. program intends to work with 15-20 girls year around dealing with topics such as: Academic Excellence, Self Esteem, Love, Hygiene, Respect, Service Learning, Etiquette, Character Development, Community Engagement and more. Our program will allow the girls to engage the community and attend events throughout OTR. G. E. M.S. will coordinate with community organizations to enhance their experience.</p> <p>We will celebrate our neighborhood’s culture and community by engaging businesses and organizations in OTR.</p>	
HOW WE INTEND TO DO IT	
<p>We are currently in the process of working with our girls and the community and need support to continue. We will monitor our student’s academic progress. We will provide opportunities for our students to build healthy relationships with parents and the community, as they develop within the program. We will also attend 2- Field Trips this school year that offer personal growth for the girls while working on character development and etiquette. We will also set up opportunities for our students to become Rothenberg ambassadors as they develop the skills to lead in numerous settings.</p>	
HOW WE WILL MEASURE SUCCESS	
<p>By the number of student attendees every meeting, along with consistent administration, staff and parental support. The goal is to ensure students remain in the program and add students as needed to remain at a range of 15-20 students.</p>
